Thank you for your cooperation in helping LAU achieve accreditation.

The Financial Resources Sub-Committee is preparing a self-study to respond to the requirements of Standard Nine on Financial Resources. As part of Standard 9, Section 9.5 relates to Fund Raising at the University. It states the following:

"9.12 The institution directs its fund-raising efforts toward the fulfillment of institutional purposes and conducts them in accordance with clear and complete policies that stipulate the conditions and terms under which gifts are solicited and accepted. The institution accurately represents itself and its capacities and needs to prospective donors and accurately portrays the impact that their gifts can reasonably be expected to have. Gifts are promptly directed toward donors' intentions."

In connection of the above the Financial Resources Sub- Committee is seeking the Advancement/ Development offices input and response to the attached questionnaire

We appreciate that your response be comprehensive and includes all pertinent information for Beirut and New York offices. It is essential that while answering the questionnaire, you provide us with all documentation (Policies, procedures, decision, etc...) to be included as Exhibits in the self-study. Any assessment that can be provided regarding the current operation will be very helpful in concluding the self-study.
